Section 8.5-15. -- Notice.

- A. Whenever any city representative, who is charged with the responsibility of enforcement of this Article and who is unable to obtain service by hand delivery upon a property owner, proprietor, tenant or other person in charge or control of the property (or any one of more of them) that is in violation of this Article or Chapter 11, Article III, Section 11-51 of this code, shall find an inoperable motor

The notice shall be considered received and effective within three (3) days of mailing regardless of whether the notice is actually received by the recipient.

- B. The notice shall indicate that the vehicle is determined to be a public nuisance and that the owner of the vehicle is given ten (10) days from the date the notice is received in which to cause the vehicle to be removed from said property and noting that, if the vehicle is not removed within that period of time, the city will cause its removal and all expenses incurred thereby will be assessed against the registered owner of the vehicle if the identity of the owner can be determined, or the costs may be assessed against the owner of the property on which the vehicle is located.
- C. The notice shall further provide that a hearing before the city council on the question of abatement and removal of the inoperable motor vehicle as a public nuisance may be requested in writing by the owner of the vehicle, any secured party, or the property owner within the ten-day period.

Section 8.5-16. – Request for a Hearing.

Section 8.5-17. – Public Hearing.

- A. The owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land or otherwise show the owner's plans to abate the nuisance. No cost of the administration or removal of the vehicle against the landowner shall be assessed if it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that the landowner has not subsequently acquiesced to its presence.
- B. The registered owner of the vehicle may appear in person at the hearing and present (i) any reason why such vehicle should not be determined to be a public nuisance, why removal should not occur, or why the cost of abatement should not be assessed against said owner, and/or (ii) a plan for abatement of said vehicle within a set period of time.

 - 2. Deny any requested relief and order the abatement of the vehicle and its disposal;
 - 3. Declare that property owner on whose property the vehicle is responsible for the vehicle due to the vehicle having been placed on the land without the consent of the landowner and that the landowner has not subsequently acquiesced in its presence;

4. Determine that the vehicle is not a public nuisance and that removal is not required;
5. Accept an adequate plan for removal of the vehicle presented by the property owner or owner of the vehicle, set a date certain by which time the vehicle shall be removed and direct that in the event the vehicle is not removed by the date set, the vehicle shall be immediately abated by the city and all costs assessed against the party presenting the plan for removal; and/or
6. Take any other action that it deems appropriate.

Section 8.5-18. – Removal by registered owner, secured party or property owner.

If a request is made pursuant to that notice for a hearing before the city council and the city council determines that the vehicle is a public nuisance and that removal should proceed, and the property owner, vehicle owner or holder of the security interest has not removed the vehicle within five (5) days from the date of the decision of the city council, then the city shall cause the vehicle to be removed. If a plan for removal of the vehicle had been presented to the city council and accepted and removal has not been accomplished by the date set, then the city shall cause the immediate removal and disposal of the vehicle.
